GAYA

BOOST ENVIRONMENTAL PERFORMANCE TO DRIVE PROJECTS AT EVERY STAGE

SYSTRA

FEATURES

INTEGRATE AND GOVERN ENVIRONMENTAL OBJECTIVES

- Consolidate measures and environmental performance targets in one platform.
- Align objectives with standards, commitments, and project contexts.

MONITOR AND TRACK PERFORMANCE

- Track indicators in real time with a continuous monitoring system.
- Visualise trends, gaps, and progress through clear, readable dashboards.

MANAGE COST AND ENHANCE DECISION-MAKING

- Base decisions on measurable objectives and criteria.
- Quantify impacts and costs to prioritise actions and trade-offs.
- Document choices to ensure accountability and auditability at every stage.

DRIVE SUSTAINABLE DESIGN THROUGH COLLABORATION

- Share performance, scenarios, and outcomes with stakeholders.
- Support cross-functional collaboration and decision support.
