# TECHNICAL ADVICE AND SUPPORT

OUR EXPERIENCED TEAM HAVE HELD SENIOR POSITIONS WITHIN THE OPERATORS AND PROVIDERS OF PUBLIC TRANSPORT, GIVING THEM AN UNRIVALLED KNOWLEDGE OF THE MULTITUDE OF TICKETING AND PAYMENT TECHNOLOGIES.

As technology agnostic, we are able to advise transport operators and schemes of the comparative merits of different technologies and provide a perspective of the challenges and opportunities from all sides. At the heart of our technical advice is always the customer as any solution must be straight forward to understand.
