

PRESS RELEASE

October 31, 2022

Mike Muldoon joins SYSTRA Ltd Executive Board as Business Development Director

To support SYSTRA's strategy of sustainable growth in the UK & Ireland, Mike Muldoon joins the business to strengthen the focus on future business development and strategy.

Mike Muldoon joins SYSTRA Ltd as Business Development Director for UK & Ireland and as member of the Executive Board. Mike brings over 30 years of transport industry experience serving clients and customers around the world. Mike began his career in train rolling stock before moving into project delivery. In 2010 he joined Alstom UK & Ireland as Tenders Director before becoming Head of Business Development in 2017. Latterly he has led Alstom's UK focus on the development, promotion and application of emerging decarbonisation technologies and the resulting closer integration of the transport and energy sectors.

SYSTRA's CEO, Nick Salt said, "We are absolutely delighted to welcome Mike to our Executive Board for UK and Ireland, he brings a wealth of experience driving growth in new and emerging sectors. SYSTRA has developed a strong position in the UK & Ireland, growing our core consultancy and engineering capability to respond to the needs of the transportation and infrastructure markets."

On joining SYSTRA, Mike Muldoon said, "I am delighted to be joining SYSTRA at such a pivotal time in the development of transport and infrastructure in the UK and Ireland. Behaviours and needs across the region are changing and the sectors we serve must evolve and grow to facilitate this change. If people are to have the freedom and opportunity to travel sustainably and affordably in the future, we must apply the strength and diversity of SYSTRA in both our existing areas of proven success and along new and exciting paths."

ABOUT SYSTRA

SYSTRA Ltd is a UK & Ireland consulting and engineering business, and a world leader in mobility and mass transit. We deliver planning and development consultancy, engineering design, project management, and specialist technical services, that enables the safe and efficient movement of people and goods.

Notes to Editor:

1. Nick Salt and Mike Muldoon are both available for interview or comment.
2. In the UK & Ireland, SYSTRA provides Transport Planning Consultancy and Rail and Urban Transport engineering services. With over 950 colleagues, we work with our clients to think through complex issues concerning the location and movement of people, goods and services – as well as helping them maximise the potential of their own businesses. We have been providing Transport Consultancy services in the UK for over 50 years and have an excellent reputation for the provision of high quality, robust and independent advice to our clients. SYSTRA is a UK registered subsidiary of SYSTRA Group which has over 8,000 employees worldwide.
3. In 2019, SYSTRA doubled the size of its UK & Ireland operations through the acquisition of TSP Projects, a multidisciplinary engineering firm formed in 1987 with a rich heritage in rail. The combined company provides clients with a complete end-to-end service spanning every aspect of rail projects, as well as specialist understanding of mobility and complex infrastructure. We deliver expertise across the full project lifecycle, from strategic advisory and design to systems integration, programme/construction management, testing & commissioning, and asset management. This expertise will be delivered through a significantly expanded UK footprint, providing clients with a highly localised service.
