

HOW CAN WE CREATE A BETTER FUTURE FOR ALL?

With sustainability at the heart of all we do, we help our colleagues, clients and communities thrive on the journey towards a net zero, inclusive and resilient world.

SYSTRA colleagues are the driving force behind our projects, delivering positive impacts in the face of adverse climate change, societal shifts and economic disruptions.

We will continue to be transparent to our stakeholders and hold ourselves accountable for our business impacts.

We've identified three strategic pillars that will help us achieve our ambitions:

PEOPLE

PLANET

PURPOSE

SUSTAINABILITY MISSION

This Sustainability Mission supplements the SYSTRA Ltd Sustainability Policy and Sustainability Strategy.

OUR MISSION

is to future-proof
the solutions we deliver
and how we operate
as a business.

OUR OBJECTIVE

is to design sustainable
solutions that support
our clients, communities
and planet.

OUR PRIORITIES

*Protecting
our climate*

*Creating
social value*

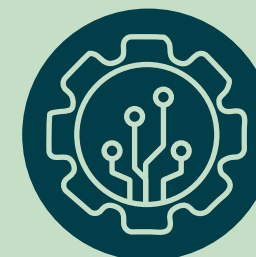

*Fostering
collaboration*

*Valuing
our people*

*Supporting
wellness*

*Embracing
technology*

SUSTAINABILITY MISSION

This Sustainability Mission supplements the SYSTRA Ltd Sustainability Policy and Sustainability Strategy.
