Designing mobility solutions that are:
- Sustainable to fight global warming and conserve the planet’s resources
- Inclusive to offer everyone the freedom to get around for a better life

Developing more efficient transport and new mobility services:
- Delivering sustainable responses for their needs and those of their users
- Delivering new responses to society’s challenges by leveraging ecodesign and digital

Building a relationship of trust and guaranteeing an appealing work environment, based on the passion for our professions and collaboration

Developing SYSTRA’s activity through sustained and sustainable growth
